**Date of birth** 27.09.1994  
**Nationality** CH, Spain, Slovakia

## About Me

As a committed data scientist with a year of professional experience in IT and three years of intense project work during my studies, I bring both technical skills and team experience. My experience ranges from working in health teams to the role of Product Owner in agile projects. With my upcoming Bachelor's degree in Data Science, I aim to further deepen my skills and establish a firm footing in the data industry.
